

Call for Quotations

Hand-held Dissolved Oxygen Meter

1. Introduction

Msingi is an independent industry development organization that supports the transformation of high potential industries in East Africa (Kenya, Uganda, Tanzania, and Rwanda) through a range of initiatives such as investment in pioneer businesses, technical assistance, policy support, or development of key industry institutions. One of Msingi's focus industries is aquaculture; Msingi aims to develop a competitive, inclusive, and resilient aquaculture industry over the long term.

2. Objective

Msingi would like to procure approximately 15 dissolved oxygen meters for use by East African fish farms to monitor oxygen levels at the hatcheries and cage farms. Msingi would like to receive quotations from qualified suppliers for the supply of appropriate technologies for use in fresh-water farm environments.

Quotations should include the following models:

- OxyGuard Polaris
- YSI

3. Call for quotation and information required/ Criteria

Quotations should include:

1. Name of your organization/individual
2. Physical and postal addresses
3. The model(s) to be supplied and the price per unit in USD or Kenya Shilling
4. Number of units available
5. Warranty terms for the equipment
6. Expected turn-around time between receiving an order and delivery
7. Terms of service (maintenance) if available
8. Estimated costs and timelines for delivery to farms in Kenya, Rwanda and Uganda. The firm (or individual) selected to supply the meters may be required to deliver the meters to the target farms.

All the factors above will be considered in awarding a supply contract.

The deadline to submit the above information is 17 January 2021. The information should be submitted to the below contacts.
